U.F.A. Meeting

(By the Secretary)

A meeting of the Strathmore U.F.A. was held last Saturday in the King Edward Hotel. The President, Mr. H. H. Wachen, presided, and nearly thirty members were present.

Mr. A. Cammery gave a report on the enrolment of boys sent to Calgary by members of the local, and a letter was received from the local dealers. This is only the beginning of this kind of business, and the prospect will in future be a matter of central point for information when any action here have hope to ship.

It is the intention of the local to ship cattle in the same way, and it is hoped that some negotiations will be under way in arrange for the shipping of the crop this year also. This method will do away with a lot of street prices for the grain, and farmers with a few loads of grain will be able to fit in a bin with grain of the same quality to make up a carload, thereby securing the top price for his product.

Mr. H. Groves reported on a very successful entertainment at the local on January 12th, and we hope other districts will follow suit.

The delegates to the convention were called upon for their reports which were unanimously accepted and approved by all present.

A number of the Municipal Council were present to enlighten the meeting with the advantages and disadvantages of the Hort Law. This matter will be brought up again at the next meeting on February 15th, when a large attendance is requested. All interested please attend.

Hockey News

Another Win for Strathmore

Strathmore notched another win over the week-end, the game being with Rockford on Rockford Ice. The game was somewhat rough, but the local boys finally emerged winners by 5-2.

The line-up was as follows:

Strathmore	Rockford
Joe Smith	Smith
McFarland	goal
Gannon	Scott
	Curran
Whitely	defence
Gill	Currie
Collison	Weaver
Kirkland	Stone
Reid	

Goals—1st period: Strathmore 2; Rockford 1; 2nd period: Strathmore 2; Rockford 1; 3rd period: Strathmore 1.

A return match with Rockford will be played soon, and Messrs. McFarland is in communication with the same and Gleichen for future games.

Assault Case Trial

A case which apparently was of much interest to many locally, being by the attendance at the court room, was heard before Justices Lambert and Vickery on Saturday afternoon.

It backs charged H. T. H. Urwin with having assaulted Mr. McFarland on the 2nd of the month of January, the charge being that he had been in contact with something.

Mr. John Peirce appeared for complainant and Mr. T. M. Wares for defendant.

Backs' evidence was to the effect that he had sent a young lad named Akerman to get a load of straw off the field in which he had a share with Urwin. He came along himself on horseback, and Urwin asked him to get off his horse, and then struck him before his foot was clear of the stirrup.

The Akerman lad, who gave evidence through an interpreter, corroborated Backs' statement, stating that Backs had one foot in the stirrup and his hand on the pommel when he was struck.

Urwin, giving evidence on his own behalf, stated that Backs had called him insulting names and assumed a fighting attitude, and he would not stand for that and knocked him down but not until he was clear of his horse. He claimed that Backs had no right to take any straw, as he had only a one-third interest in the straw, and had already taken his share. He had sent Backs a letter through Mr. Wares warning Backs to keep off the land.

Mr. Wares for the defence, argued the case did not come under the jurisdiction of the Justices, as a question of title was involved and quoted the previous case of Luck vs. Chase.

Mr. Peirce, for complainant, stated that there was no question of title involved, as there was only a one-year agreement covering the crop, and Urwin had not assumed the contract for the land.

It was stated in complainant's evidence that Urwin struck him while he was on the ground, and Urwin denied this.

The Justices found that an assault had been committed, and fined Urwin \$15 and costs.

NIGHTGALE NEWS

Judge from the attendance at the last U.F.A. social held on Friday, June 27, the functions are filling a long list want. It was very cold on that night and the entertainment committee did not expect much of a turnout, but in spite of the weather the crowd was good. The first part of the evening was taken up with games which were entered into with much zest. The debate between Messrs. Lambert and Scott on "Resolved that country life is better than city life," with the former taking the affirmative, was the next item, the judges giving the verdict to Neill. After supper, dancing was carried on with Mr. J. Gohard at the piano. The next social will be held on Friday next, February 10, for which evening the committee have an excellent programme. Among the items will be a talk by the editor of the Strathmore Standard, and selections by the Nightingale male voice quartette, who will also lead the community singing. Be sure and come and bring lunch as usual. There will be no charge.

The regular meeting of the U.F.A. was held on Thursday last, with the president in the chair. The delegate Mr. Davis, gave an excellent report of the work of the horticultural committee, whose financial report showed a small balance on hand. It was held to hold another show this year and to combine with it a festival of eggs etc. Details of this will be laid to the committee which will be appointed at the next regular meeting.

At the last Municipalities Convention a resolution was passed asking in effect for the abolition of the trustee system in rural schools. This, one thing that will be fully debated at our next meeting.

There was a big and jolly crowd at the Valley Gardens school on Friday last.

Ice Carnival

Favored with fine weather and good ice, the skating carnival held last Thursday evening under the auspices of the Strathmore Hockey Club proved very successful. There were many skaters in costume, and the spectators were also numerous. The costumes were original and pretty. The prize for ladies' best costume was won by Miss Pauline Smith, as a Redolite Clock, while Mr. W. M. Marshall, as a N.W. Mounted Policeman, took first for gent's. Ladies best comic was won by Mrs. A. W. Gilvin, as a square, while another of the fair sex, Miss Margaret Anderson, took the first prize for best comic prize as an Indian brave. Little Miss Potts, as a Dutch girl, was first girl's comic, while Flatty Gray, as a Prince, was the boys' best comic. Mrs. Tompkins won first for boys skaters, and Joe Whyles the girls' prize. Miss Margaret Anderson and Harry Barker amused the first prize for the best couple skaters. The ladies race, 4 laps, was won by Miss Mary Harwood, while the boys race, 4 laps, was won by Mr. McFarland, George Collier coming second. The girls race, 4 laps, was won by Miss Harwood and the boys race, six laps, by G. Gilroy. The judges were Mrs. and Mrs. Geo. T. Berry and Mayor Butler. Mr. L. D. O. Lohmuller was the announcer.

Following the various evening skating was carried on till 11 p.m. to the music of the band.

Another carnival will be held on February 11.

Bow Valley Nominate

Nominations of Councillors for the Municipal District of Bow Valley will take place on February 20, at the Memorial Hall, Strathmore, when the annual ratemakers' meeting takes place.

Petitions have been put forward for the repeal of the Hort Law bylaw, and also for the division of the Municipality into divisions, and these will be voted on on February 27th.

The annual audit of accounts is now in the hands of the ratemakers.

DALEMEAD NOTES

Mrs. B. Bohn entertained some fifteen of the little folk on Saturday afternoon to a tea party, and great is the praise thereof.

Little Knut, who had been at the Holy Cross Hospital for a week or so returned home on Wednesday last, and is much better.

Messrs. J. Reid and L. C. Hout returned from Edmonton on Friday last, where they had been in attendance at the School Teachers' Convention.

Mr. Neil Johnson, of Champion, has been spending a few days with Mrs. Stone, and returned to Champion on the train on Monday morning.

Mrs. M. M. King is making satisfactory progress at the Holy Cross Hospital, and we hope she will soon be reinstated at her own home.

Messrs. J. E. Stewart and the new baby.

Mr. and Mrs. Baldwin expect to move into the Portney farm in a week or so.

Mrs. Smith and her four children, who had been visiting with her sisters, Mrs. Kirk and Mrs. Hout, returned to Vallon on Monday last.

The town pump was in working form for a few hours last Saturday and is expected to make a regular feature in the day or so.

The dance on Friday last was fairly well attended and was a present on a fine first-class evening.

Next Friday evening, the 16th inst., the postponed debate will be held, and the presence of the delegates to the recent convention will be given. There will also be a musical programme and lunch.

The religious service in the Hall on Sunday evening was very well attended and a good service was enjoyed by a vote of those present. It was decided to meet at 8 o'clock instead of 7.30. There will be a song service from 7 to 7.30 to be followed by the regular service. Next Sunday there will be special music.

Mr. and Mrs. Cook are now enroute to the home of their daughter, and expect to have a telephone installed in a few days.

Smart Sentence For Car Thieves

For the theft of a motor car owned by H. A. Arnold, which was left deserted on the road near Strathmore, William Pabst and Roy Hubert were sentenced to a year's imprisonment by Magistrate Saunders in Calgary police court Thursday morning.

The charge was laid under the new section of the criminal code which provides that a year is the minimum sentence for the offence, and the magistrate has no power to impose a fine or liberate a defendant on suspended sentence. It is expected that this new provision will have the tendency of deterring some of the young auto thieves from removing cars without the owner's permission.

Pabst had been before the juvenile court on several occasions, and on one occasion was fined \$5 for the theft of a car while a minor.

The boys had taken Arnold's car to travel to Strathmore to see the hockey game here with the Capitals, when they were without money to pay their train fare. The car ran out of gasoline a couple of miles this side of Strathmore, so the boys deserted it on a cold night, and next day it was recovered by the provincial police.

A Winter Sports Expert

Mr. C. D. Vaseba, a noted Swiss ski instructor, who has won numerous championship trophies in various international ski competitions at St. Moritz, Davos, Klosters, and other famous Swiss resorts, is also was caused to the car when it was left out and the radiator froze. The charge was laid under the new section of the criminal code which provides that a year is the minimum sentence for the offence, and the magistrate has no power to impose a fine or liberate a defendant on suspended sentence. It is expected that this new provision will have the tendency of deterring some of the young auto thieves from removing cars without the owner's permission.

Extension of the provincial hospital system as a means of supplying medical aid to the residents of outlying and distressed areas was urged upon the Minister of Health, Hon. Mr. Reid, by the executive of the Alberta Medical Association at the past week. Mr. Reid told the executive that while finances would not permit the too rapid building of hospitals in the outlying areas, yet the government was doing everything possible in this regard. The executive also discussed with the Minister the question of having the Workmen's Compensation Act extended to provide medical services for sickness as well as in case of accident. There is a growing sentiment in the Alberta Medical Association in favor of such extension of the act.

IRRICANA NEWS

Mr. Wilton is leaving next week for Calgary where he has been employed by the Bank of Commerce.

A farewell party was held at the home of Mr. and Mrs. Wilton last Saturday evening.

Mrs. Coffey and Mr. Ed. Wright, the Irricana school teachers spent the week end at their home in Calgary.

A number of the young people spent a very enjoyable evening at the home of Mr. and Mrs. W. W. on Saturday.

A surprise party was held for Miss Kathryn Burns on Wednesday. Quite a number of young people were present and an enjoyable evening was spent.

Mrs. McCune and Mrs. H. Wray spent the week in Calgary.

Saluted officials of the government or municipality should not be allowed to use their influence to the detriment of the resident rate payers.

The Provincial Government should not try to force all the responsibility of tax collection or recovery on the municipality. If they are not big enough to handle the most economic question of the day, they should step down and out.

It is time that the strictest economy should be practised and he is setting forth in his address ways and means of forcing the municipalities to follow this procedure.

At the local U.F.A. meeting on Saturday, February 4th, a discussion on taxation took place. Mr. Kenneth the local councillor, gave an address the purpose of which was as follows:

There is at the present time much concern as to taxation and ways and means of recovering delinquent taxes without creating a hardship on the unfortunate farmer who through no fault of his own sent himself face to face with the sheriff or the land tax sale.

There is no reason why a man should be penalized for being poor or been unfortunate.

A man's ambition should not be taxed, nor prospective wealth, but accumulated wealth only.

Speculators should not be allowed to come in to our district and receive from ten to two thousand per cent. out of those unfortunate farmers or municipalities.

Who Are Canadian Authors?

Drawing the Line is Sometimes a Difficult Matter

Canadians, it is said, have no right to claim Robert V. Service as a Canadian poet, because he was born in England and nurtured in Scotland. Then, if we claim him as a Canadian because his work was done in Canada, we are asked what right we have to claim Gilbert Parker, Bliss Carman and others who were born in Canada and did most of their work in other countries. In the face of this dilemma we can only take refuge in the saying that it is difficult to draw the line.

We have to consider the place of birth, the place of education, where the author lived when he was doing his work and the nature of the field which he chose for his theme; and it may be that in some cases the issue must be divided. Take another case, that of statement. Sir John Macdonald and George Brown were both born in Scotland; we claim both as Canadians; but somehow Brown seems to be more distinctly Scottish of the two. One conclusion is that, there being no law or tribunal to decide, we can claim anybody we please, and we shall not be offended if there are rival claimants who pay as the compliment of sharing in our admiration. We are paying homage to the same sovereign, we claim both as Canadians—The Toronto Globe.

German Building Ships

100 Vessels Are Built in Germany During 1921

One hundred vessel of approximately 60,000 gross tons, were built in Germany during 1921, according to information compiled by the American Bureau of Shipping. Of this number 15 of 55,000 tons were constructed for the Hamburg-American Line, which is developing joint services under agreement with the American Ship and Commerce Corporation. Six ships were completed for Hugo Hahn and two for the North German Lloyd.

Four motorships were built. Only six of the vessels come under this classification, despite the previous belief that Germany was heavily committed to the motor drive.

Figures obtained by the American Bureau show 27,245 tons for eighty-two ships, an average of 450 tons each. If this average holds good on the other side of the world, the total would be about 160,000 tons.

Ships under construction at the end of the year are not included in the table.

Gray Crepe de Chine Tea Dance Frock

By Marie Belmont

Pointed pants and increasing factor, as they are invaluable in achieving the irregular hemline. Some times dyed pants show points only at the bottom, as pictured here. In other cases, the panel top is also pointed, and that is the attached at the waistline.

Gray crepe de chine is the medium for this attractive tea dance frock. It slips on over the head and is hand at the sleeves and panels in gray squirrel. A smart little squirrel choker is worn above the plain collar.

The gray suit had showed cords riding its turn-up skirt, while silver pins are thrust through at either side.

Time has tested it—Dr. Thomas' Eucalypti has been on the market upwards of fifty years and in that time it has proved a blessing to thousands. It is in high favor throughout the world, and its excellence has carried its fame beyond the seas. It will be double the price it used to be a cheap liniment.

Italian Novelists Die

Giovanni Verga, noted Italian novelist and poet, died at Rome recently at the age of 82 years. One of his best known works was *La Morte di Giovanni Verga*, which Masaccio's opera was adapted.

Canada Should Keep Her Cheese Industry

Larger Amounts Could Be Absorbed by Foreign Markets

While Canada is materially no longer in the taking away from one industry to build up another, it would be regretful if the cheese industry, in which the Dominion has achieved such renown and created such a universal demand for her product, should be permitted to decline, and it is gratifying to witness indications of a return to prime importance.

Save the bird in hand—The others may be hard to catch

With enough money, enough time and enough luck, a man may not back the health he has lost—or part of it.

It takes patience, too. And then there may be no success, or only a little.

It's better to save what you have than hunt for what you've lost—as the most successful health-restorers will tell you.

Much of the loss of health is due to faulty, careless diet. Wrong meals at all times and right meals at wrong times lead the long-suffering digestive

organs with elements of destruction, or narrow the passages and glands of needed elements.

Grape-Nuts is a delicious cereal food which has the qualities of scientific nutrition. It supplies the full richness of those spiced food grains, wheat and malted barley, together with the vital mineral elements, so often lacking in foods. Served with cream or good milk, Grape-Nuts gives full nourishment without over-loading the stomach.

A splendid thought for breakfast or lunch, for those who would keep healthy—

Grape-Nuts—the Body Builder "There's a Reason" Made by Canadian Western Cereal Company, Limited, Windsor, Ontario

MRS. ANNA E. HUGHES, Chicago, Ill.

Mrs. Anna E. Hughes, 22 West Elm St., Chicago, an artist who enjoys a wide and enviable reputation for skill in china painting, in relating the facts of her remarkable experience with Tanlac, says:

"I haven't enjoyed such good health or felt so well in every way in years as I do now. Before I took Tanlac I was so run down that half an hour at my work would be too completely and I was actually so nervous and weak that at times the brush would fall from my hands and I would have to quit work for the rest of the day. Every night I would lie awake for hours, miserable and nervous. 'My improvement after the first few doses of Tanlac was rapid and constant. I'm happy to say I'm well and strong now and feel better than in my twenty years. Tanlac deserves every word of praise I can give it.' Tanlac is sold by all good druggists."

Coming—the joy show, the assassin of the blues.

John C. Logan presents

"BRINGING UP FATHER"

The inimitable story of Maggie and Jiggs presented in three cyclone acts of—Music, Laughter, Dance, and song. Not a moving picture but a company of clever players in a superb scenic and costume production.

Admission—Adults \$1.00, Children over 14 yrs. 50c, Children under 14 yrs. 25c. Show starts at 8:30 sharp.

Edmonton, Alta.—The Edmonton Stockyards handled approximately three million dollars worth of live stock in 1921, there being 11,150 calves, 5,697 calves, 25,946 hogs, 12,281 sheep and 1,598 horses. A large amount was consumed by local packing houses, substantial shipments made to the East for export, and the larger proportion going to United States pack ers.

Edmonton, Alta.—Four cars of white fish, totalling 120,000 pounds weight arrived here recently. This product is caught in Peter Pond's Lake across the Saskatchewan border and handled

on sleighs to the nearest railway station. A recent heavy snow has enabled the teams to haul a much heavier load than usual.

HERVEY NEWS

The regular meeting of the Hervey U.F.A. was postponed from February 2nd to February 7th. A full attendance is requested and don't forget your pocketbook.

Mr. Laverd returned from Edmonton on Friday.

John Patterson returned from the States after a six week's visit to points in Washington and Oregon, but didn't bring his bride with him, but will come later so we are told.

The "Do Little" club met at Mrs. Wm. Laverd's on Friday. The chief topic of discussion was "Savings". One lady advanced the idea of feeding her husband sour milk to save the sweet.

The Shober family were guests at Mr. Fred McKenzie's home on Sunday. The beautiful weather was quite conducive to snapping a few kodak views.

The groundhog saw his shadow, so look out for some weather of a various nature.

From the number of bank robberies now prevalent throughout the entire Dominion, one would think that banking would be classed as one of the hazardous occupations.

Word received from the Seisler family in Wacanda, Washington, that they like their new home, and are enjoying good health, and prosperity, but they say that Fred stuttered a little when he said "prosperity".

Mr. White, from the McLean ranch, made a business trip to the Brooks country, the latter part of the week.

The Pax Man—Northern travelers will have a very successful year judging from reports already received here. Since the opening of the trapping season more than a quarter of a million dollars worth of furs have been marketed in The Pax, and with three hundred white, and at least three thousand Indian trappers on the line, the value of the catch for the entire season is estimated at \$2,000,000. The quality of the furs is reported to be exceptionally fine.

WHY THE TWO-DOLLAR RATE

A number of our subscribers have asked, says the High River Times why it was that The Times remains at war time price while so many other papers have tumbled back to normalcy. We fully appreciate the viewpoint of the farmer, the price of whose produce has been cut in three and who wonders why newspaper prices remain at high-water mark.

Let it be observed that very few newspapers have made any reduction in the price to the subscriber. The daily papers published in Calgary and Winnipeg are all at \$8.00.

Newspapers went up in price because everything that went into the production of the paper went up. And they remain up because there has been very little decline since the war period shot them up 200 per cent. The price of white paper has come down, we believe, about 25 per cent. But that is not much off 200 per cent. During 1921 we paid more for paper than ever before, and we haven't heard of a reduction for 1922. The price is now close on three times what it was before the war. Ink is still 100 per cent. up. So are ink rollers, type and all repairs. Printer's wages are also double what they were in 1919, and the hours are shorter. The price of coal and wood which must be used for heating is too well known to need mention. The publisher must find some way of paying for these.

Besides this the newspaper plant of today is a very different thing from what it was 15 years ago, or even 10 years ago. At that time \$15.00 or \$20.00 would equip a town printing office, now eight or ten thousand dollars is required. It may be asked: Why not go back to the old methods? The answer is that it is as easy for the farmer to go back to harvesting with the cradle.

Another item which adds to the cost is postage. In 1918 the P.O. department trebled the rate of postage on newspapers and on January 1, the rate was again doubled, making it six times what it was before 1918.

OF LOCAL INTEREST
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 17 or 68.
These old and cold spells are somewhat trying, but it is better than being cold all the time.

The Interurban Express have been able to resume their service after a few days interruption on account of drifting snow. Mr. L. B. O. Lohm is now the local agent.

Several rural school trustees attended the annual Convention at Edmonton this week, among them being Mr. David Enslund.

Mrs. Naylor, who formerly lived in Strathmore as manager of the Kim Edward Hotel, was in town last week end renewing old acquaintances.

Mr. William Irvine, M.P. for the constituency was in town on a short visit on Friday last. He also attended a social meeting held in Chesham that evening.

The Western Mutual Fire Insurance Company recently went into liquidation. Policies in this concern were held by a number of people, both in town and country, and by municipal bodies, and they will be under the necessity of re-insuring, as these policies are now valueless.

The cold weather has not prevented the temper of one or two local people from reaching the boiling point, and a very heated and animated discussion took place between two local businessmen last Thursday, but as it has not come to a court case, we cannot make specific reference to it, beyond saying that we do not want to see the town painted red, even by a professional.

Mr. J. C. Buckley, M.L.A. for Glendon constituency, has been honored by being appointed the Government whip in the Provincial House.

The Amendment to the criminal code imposing minimum sentences of one year for theft of motor cars will have a deterrent effect on thefts of this sort, which had been becoming unpleasantly frequent.

Mr. L. B. O. Lohm is now local agent for the Interurban Express Co. and orders can be left or phoned to him.

The Eating Contest at the pictures, Wednesday, February 15th. Any boys wishing to enter this contest will hand their names to Mr. Lohm or Mr. Vickers not later than Tuesday, 14th. The prizes will be an ingersoll watch (first), and a knife as second. Three prizes are on display in Foster's window. Picture ad. elsewhere. 8-24

U.F.A. Pic Social will be held on Friday of this week at Akenhead school. Good music and dancing. Everybody welcome. 8-24

A Pantry Store will be held in Barber & Cuddick's store on Saturday, February 11, from 3 to 6 p.m. by the Anglican Ladies Guild. 8-24

Don't forget February 21st. 21st. Carnival and Dance.

The Rose Carnival and Dance is not expected to make any money. Meet the Deacons Society at the Rose Carnival and Dance.

If you contemplate holding an auction sale this spring, instruct your agent to have your posters printed at the Strathmore Standard Office or place the order yourself. We meet prices on this work, and guarantee promptness and accuracy.

The Ladies Aid Society of the United Church will meet at the parsonage on Thursday at 5 p.m. All ladies of the congregation are cordially invited.

A "Valentine Tea" will be held on Monday, February 13th, at the home of Mrs. Breen. This is under the auspices of the Union Church Ladies Aid Society.

The Women's Institute will meet on Wednesday, February 15, at 3 p.m. at Mrs. Zerkes.

CRAIGANTLER NEWS

H. B. Grant left on a visit to Deer Lodge, Montana, and from Deer Lodge to Nebraska, to visit his folks.

H. B. Grant entertained about twenty of the Standard and Craigantler people in honour of the marriage of Miss Minnie G. Grant to G. A. McLean, which took place in Calgary on January 21th. Dancing and social amusements were kept up till the early hours. Mr. McLean is giving a dance in Craigantler school on February 17th.

A large number of Craigantler people are coming to the county, which is a good sign that the farmers are beginning to realize what it costs to buy feed for their stock for the winter. The farmer with the hay is not worrying while the man with the straw thinks it is too high a price to buy hay.

A large amount of alfalfa seed has been ordered for the coming season, which is a good sign that the farmers are beginning to realize what it costs to buy feed for their stock for the winter. The farmer with the hay is not worrying while the man with the straw thinks it is too high a price to buy hay.

A CHANGE IS NECESSARY

Circumstances, partly due to local conditions and more largely due to general financial and commercial conditions, make it absolutely necessary for us to discontinue selling goods on time credit.

Owing to the fact that there is an urgent demand on the part of the public for goods at a lower price, we realize we cannot meet this demand and work on a smaller margin of profit and still continue to give credit, we have therefore determined to meet that demand by placing our business on a **CASH BASIS ON FEBRUARY 9th 1922.**

We could have one set of prices for our **CASH** customer and another and much higher set for our credit customers, or we could continue to sell both at the same prices as we have been doing in the past, in which case the cash customer is paying for the credit service given to the credit customer; this is not fair to the cash customer, besides he won't stand for it.

We have to pay the Wholesale houses promptly for the goods we buy, we cannot do this and continue selling on credit, we are taking this position in all kindness to our customers whose friendship and support we very much value, and are following a course which appeals to us as being more profitable to our customers, and more advantageous to ourselves.

It is not our desire to inconvenience our credit customers, we want to be a help to you in so far as it is within our means, but we must stand on firm ground in order to be able to do this. We are passing through strenuous times, but are optimistic enough to think they will not last, if everyone will meet their obligations in an honest effort to better conditions. It is our opinion that we will see brighter days ahead.

COMPARE OUR CASH PRICES and you will see you have all to gain in changing from credit to a **CASH BASIS.**

Watch our advertisements, also our circulars for real **CASH** bargains. Butter and Eggs will be taken in trade at market value.

Aesop's Advertising Fable

Once upon a time there lived a Merchant Prince who inserted a small ADVERTISING card in his local paper. The World and His Wives rushed to the Store and the Great Fable of Fash and Fash occurred. The Merchant Prince did such a tremendous business as a result of this small Advertising card that he was able to retire and spend the rest of his life playing at Golf.

That is a Fable!

But it still represents some folk's ideas of advertising.

ADVERTISING won't make any man or firm rich overnight, but, if intelligently used with persistence, it will multiply customers, increase turnover, swell profits and build such goodwill for the advertiser as nothing else will.

Get the facts from "The Strathmore and Bow Valley Standard."

TO THE BUYING PUBLIC

A man's advertisement is your invitation and your guide. It means that he wants and appreciates your business and is proud enough of his store or service to ADVERTISE it.

TURNER NEWS

Mr. Hugh Elliot has been visiting at the Chas. Cowell home.
Claude Whited returned from Vancouver last week.
Quite a number of the Turner householders attended the excellent entertainment at Chas. Cowell's evening.
A club meeting and dance was held in the school Tuesday evening.

"Yes," said the cynical old sea captain, "when I was shipwrecked in South America, I came across a tribe of wild women—absolutely wild. They had no tongues!"
"Good gracious!" exclaimed the lady. "How could they talk?"
"They couldn't," was the reply. "That's what made them wild."

Miss J. Lorraine who plays "Maggie"

MAGGIE AND JIGGS COMING.
Old and young alike will welcome the announcement that these two electrified characters, Maggie and Jiggs, with a big company of fun casters, will appear here on February 12 in a superb production of the show act comedy triumph "Blushing Up Father."

Patrons of the theatre are earnestly requested to observe that this is John C. Long's production of "Blushing Up Father" and in no way is associated with the production of the same name which presented a spectacle developed under this title some three years ago.

John C. Long's presentation of "Blushing Up Father" is the genuine one. It is refined, beautifully staged and costumed, and offers an evening of unbroken pleasure to lovers of the most. Remember the date, Monday, February 12th.

No undue alarm need be felt by the people of the province regarding the reported development of an epidemic of influenza in Eastern Canada, states the "Tribune," Deputy Minister of Health for the province. So far only one case of influenza has been reported in Alberta and there is no indication that the disease will develop to the extent of the epidemic of a few years ago or that it will prove nearly as fatal. At the same time, Dr. Tisdale issues a general warning to the people to stay away from crowds as much as possible, since the infection is direct from person to person by coughing or sneezing. He adds that the people to keep in good a physical condition as possible and if feeling ill, to go to bed and call in a doctor.

Montreal, Que., It is planned to commence construction this year on what will eventually be the largest elevator in the world with a capacity of ten million bushels. The enormous growth in the volume of grain in and out of the port of Montreal has made more elevator space absolutely essential as during the past year business was valued by the Harbor Commission owing to lack of accommodation.

Ottawa, Ont.—The value of Canadian products of all kinds for the year 1920 reached a grand total of \$5,212,247,141 according to a report prepared by the Dominion Bureau of Statistics. Of this total agriculture contributed \$1,416,000,000, made up as follows: field crops \$1,455,244,000, farm animals \$110,083,000, wool \$5,221,000, dairy products \$250,000,000, fruits and vegetables \$50,000,000. The total for general manufacturers is placed at \$3,216,351,594.
